

BUBBLING WELLS ELEMENTARY SCHOOL

Baker Commercial Solar provided the electrical installation under General Contractor Reno Contracting, Inc. to deliver a 320 kW PV system to Bubbling Wells Elementary School. The ground mount PV system includes 972 SunEdison Silvantis solar panels, 9 inverters, and a DRAKER monitoring communication system. Bubbling Wells is one of two elementary schools within the Palm Springs Unified School District with a PV system, providing increased energy efficiency and significant financial savings to the district as well as the elementary school.
